## Outdoor displays: reaching audiences in the outdoor environment

Digital outdoor displays are becoming more common in the streetscape. Large displays along roadsides, in shopping malls and other public spaces frequented by the public. These are ideal places for companies to communicate with their customers.

LG designed an all-in-one digital signage solution specifically for outdoor applications: the LG outdoor, XE4F Series. A slim yet robust design with excellent image quality.

## Your LG outdoor display optimally protected against weather influences

The SmartMetals mounting solutions for LG outdoor displays are made of durable materials with a long service life. The trim provides a neat finish and ensures that the display is resistant to extreme temperatures.

The LG outdoor XE4F Series combined with SmartMetals mounting solutions is therefore a versatile combination and resistant to all weather conditions.
