Ceiling mount

072.3150B EOL | Ceiling mount BLACK till max. 1500mm (excl. wall mount)

The 072.3xxx ceiling mounts for monitors have been developed for mounting flat panels up to 70 inch, 80 kg. This Heavy Duty ceiling mount consists of a separate ceiling part to which a telescopic aluminium column of diverse lengths is fastened. Depending on flat panel you could choose for a solution with a fixed VESA pattern, a separate universal mount and or back-to-back system. The telescopic column combined with the standard present tiltable and rotating flat panel mount, saves installation time and simplifies installation on location.

The cabling could be run through the column. The whole series is delivered incl. a cover for the hole in the suspended ceiling and a cover to finish the ceiling mount. The serie products are available in black as well as in white.

This product is "End of Life" and will no longer be produced.
It can be supplied as long as stock lasts.
